Holding Forth The Word Of Life; Philippians 2:16

AFGHAN CHRISTIAN MEDIA NEWS

A prayer for Peace: Greetings in the name of the Lord! On Afghan/Persian New year I also sent a piece of note to BBCPersian.com. Thousands of people write their new year greetings through BBC and few are chosen.

Praise the Lord that my prayer was also chosen. Here is the translation: *To the God who loves all I pray that the New Year be full of God's blessings and the people of Afghanistan, Iran and Tajikistan see the True Peace of the Lord. I Congratulate the blessings of New Year to all my countrymen and my desire is for gladness and peace that flows from God, for everyone In the Name of the Prince of Peace, Jesus the Christ. Amen.* Here is the link for you to read if you can read Persian: <http://newsforums.bbc.co.uk/ws/thread.jspa?sortBy=1&threadID=5651&start=15&tstart=0&#paginator> It is the first post on the second page or the above link. May our dear God be honored with that little prayer. Amen. Your brother in Christ, Hussain Andaryas

Year 1986 is gone bye bye It is 2007 again... Let's Game!

My old 2 years and something months old laptop started kicking back to 1986 for some odd reasons that is possible in computers but it is surely fixable...Or is it? Since I always buy the extended warranty, after trying hard to figure it out myself, took it to best buy and was sent to service center. More odds! The laptop went to repair center 3 times for the clock thingy and came back with year 1986 calendar year. Now during this time some thing came to my mind was; "I wish I could travel back to the past (like back to the future movies of Michael J Fox) and accept the Lord back than and do some more work. But unfortunately that's not possible. Well, at least my laptop was going there. So one day we received a call from best buy that unfortunately they could not fix the laptop and I am refunded with an equal money value for another laptop. I surely missed my old laptop but this new thing that's mainly created for serious gamers came to my lap with a huge 777 Mb of nVIDIA GeForce-7700 card which is at least 10 times faster what I had. Now you can imagine about the rest of configurations. So it was kicking back to 1986 to bring me "Back to the future" April 2007. Well, my wish is fulfilled because I can now do multitasking work and faster. Praise the Lord for His wonderful provisions that at times amazes us with plenty that we don't expect and yet He pours His grace. For about two months I really had difficult time because just before the laptop problem, I lost my studio HDD in which I stored my files. It has been a hard time but now the Lord has renewed my strength to serve Him.

I shared the above note with you just because, you are the only Family we have and I want you to rejoice with me for being able to work again and now with renewed strength and "not to mention" renewed Machine :)

Let us pray together: "Lord Jesus, Thank you for your loving-kindness, let in every thing we do, that we will honor You and serve You. Give us the burden and passion of our dear Lord Jesus. Lord help us to love You and love others. Amen.

Focus on the family: Our kids are growing fast and with that in mind, it is time for them to be involved more actively in God's work. We really need your prayers for this matter so that we can do honest parenting to prepare them for God's work. Rachel desired to serve God when she was only five and that's amazing for us to see her not changed a bit on her decision. Nathan wants to become a preacher and a police man. Well, I think those two things can work together good. But it always changes because sometime he wants to become a fireman and sometime back to point one. I have to personally resign from certain projects so that these be accomplished.

Our weekly (Monday/Tuesday) TV programs are being watched in Herat and Mazar and Taloqan and some other places in Afghanistan and Europe as indicated by some emails. The only way that we would know is to get emails from people that they are watching it.

A recent email from Herat says:

I have become interested to know more about Christians. I have been watching awaz-e-masih TV programs. I am a student at the University of Herat. I also go to www.persianbible.com from where I found out about your TV programs. I will contact you again in the future. Ari....

An email from Mazar says: Last week in the afternoon I was configuring my dish when I came across your TV program. I was shocked to see that Afghanistan has even a Christian TV show. I knew about Abdul Rahman but did not know that there are other Afghan Christians. How many Christian are in Afghanistan.

Email from UAE says:

Greetings Afghan Christian brothers. I am also a Christian brother of you in UAE. I am desiring to speak with brother Hussain Andaryas. Here is my telephone number:

Email from Mazar says: My name is Ruh.... From Mazar. My questions is, if a person becomes a Christian what kind of help you can provide?

Email from Baghlan says: I want to know a lot about Christianity.

Email from Sari Pul Province says: I have recently become Christian and I know that how wrong my Islam was and how truth Christ is. I praise God. But I don't know the difference between protestant and Catholics. At the moment I am accepting the way of Protestants but also want to know about Orthodox. Mr. Hussain Andaryas, I am always watching your programs through Mohabat Channel.

There are many, many emails we have received that it is impossible to put even bits of each of them in this News Letter. Most negative but some encouraging and we praise the Lord for all of them.

Thank you for your part in this ministry to reach those who are searching for the Truth. Our Lord is that Truth! John 14:6

Please pray for our Radio programs. I am still in the Gospel of John and it is a daily devotional/gospel program. We have received some encouraging emails from our Radio audience as well.

This is God's work and we are just those working for God!

We would like to thank you for your continued prayerful support.

If you want to join us and support this ministry, you can send your gifts in favor of:

**Global Ministries Foundation
P O BOX 1150, Cordova, TN 38088 - 1150**

Please add a note with your check that the gift is for Hazara Herald Ministries.
